

The Bag Notebook 17" was designed for those who travel frequently with their notebook and need a bag with plenty of pockets and compartments, without compromising the style. The main compartment holds laptops up to 17" with accessories and the lining offers all the protection you need. On the front part there is a pocket that allows you to safely store every kind of objects thanks to the combination lock (cellular phones, stationery...). On the rear part there is a document holder with Velcro fastening. The robust handle allows for a comfortable and safe grip. The carrying strap is padded where it touches the shoulder: this ensures comfort and safety during transportation. It has 6 pockets with main compartment for laptops up to 17", two small closed pockets for CDs and floppy disks, three slots for pens, business card holder. Two rear folding pockets for documents and front zipped compartment. All zip closures are self-repairable.
